

Case study

At a glance

Mobilize has successfully executed multiple shutdown campaigns across Western Australia and the Northern Territory, servicing major clients in the Oil & Gas and Mining sectors. With a focus on safety, speed, and skilled personnel, Mobilize has built a reputation for delivering shutdown staffing solutions under pressure, on time, and with minimal downtime for clients.

Challenges

- Short Lead Times & Rapid Mobilisation
- Remote and Logistically Complex Locations
- Skills Shortages in Peak Seasons
- Stringent Safety and Compliance Requirements
- Last-Minute Scope Changes & Extensions
- High Fatigue Risk & Retention Across Back-to-Back Shutdowns

Solutions

- Labour Hire & Workforce Planning
- Mobilisation & Logistics Coordination
- Site Onboarding, Compliance & Inductions
- 24/7 Support During Execution Windows

Benefits

- 01** Reduced client downtime through efficient workforce scaling
- 02** Enhanced safety compliance and site-readiness of workers
- 03** Delivered hard-to-source trades in remote & high-risk locations
- 04** Integrated seamlessly with client teams & planning cycles
